

Here's what Chamber members are saying...

"As a small business owner, I joined the Old Saybrook Chamber in order to align myself with like minded business professionals who are investing their time and energy to help strengthen our community and business environment. My membership in the Chamber has provided a great source of business referrals and networking opportunities that I might never have had. And the best part of being a member is the sense of community - there is always someone to brainstorm with, share ideas or just provide support. My membership is truly an investment!"

- Belinda Murano
It's Your Thyme

"Networking works for The Woman's Club of Old Saybrook."

- Jean Malinowski
The Woman's Club of Old Saybrook

"Community outreach. Lovely brochures, the top of Main Street location is superb - it is another side of Old Saybrook that can be paired with our natural resources."

- Janice Holland
Old Saybrook Land Trust

"We value our membership and involvement with the Old Saybrook Chamber of Commerce. It is exciting to belong to the 'Business Community' that only the Chamber can provide! Under the leadership and tireless efforts of staff and volunteers, the Chamber offers exceptional opportunities and exposure for our business!"

- Andy Morrison
A. R. Mazzotta Employment Specialists

"We joined the Chamber for a variety of reasons. Initially, we thought it was appropriate to support the local Chamber and be an integral part of an influencing network of the businesses establishing direction and precedent in the town. Of course that is what we have found, but in addition to networking with businesses, we have developed relationships and friendships with trusted colleagues in a wide variety of industries. The Chamber fosters these relationships with the Business After Hours events and other events throughout the year. I feel that they have really developed and continue to nurture a real sense of community."
